

# CREATE YOUR OWN... SNOWFLAKE STEP-BY-STEP GUIDE

Sheet  
2 of 2

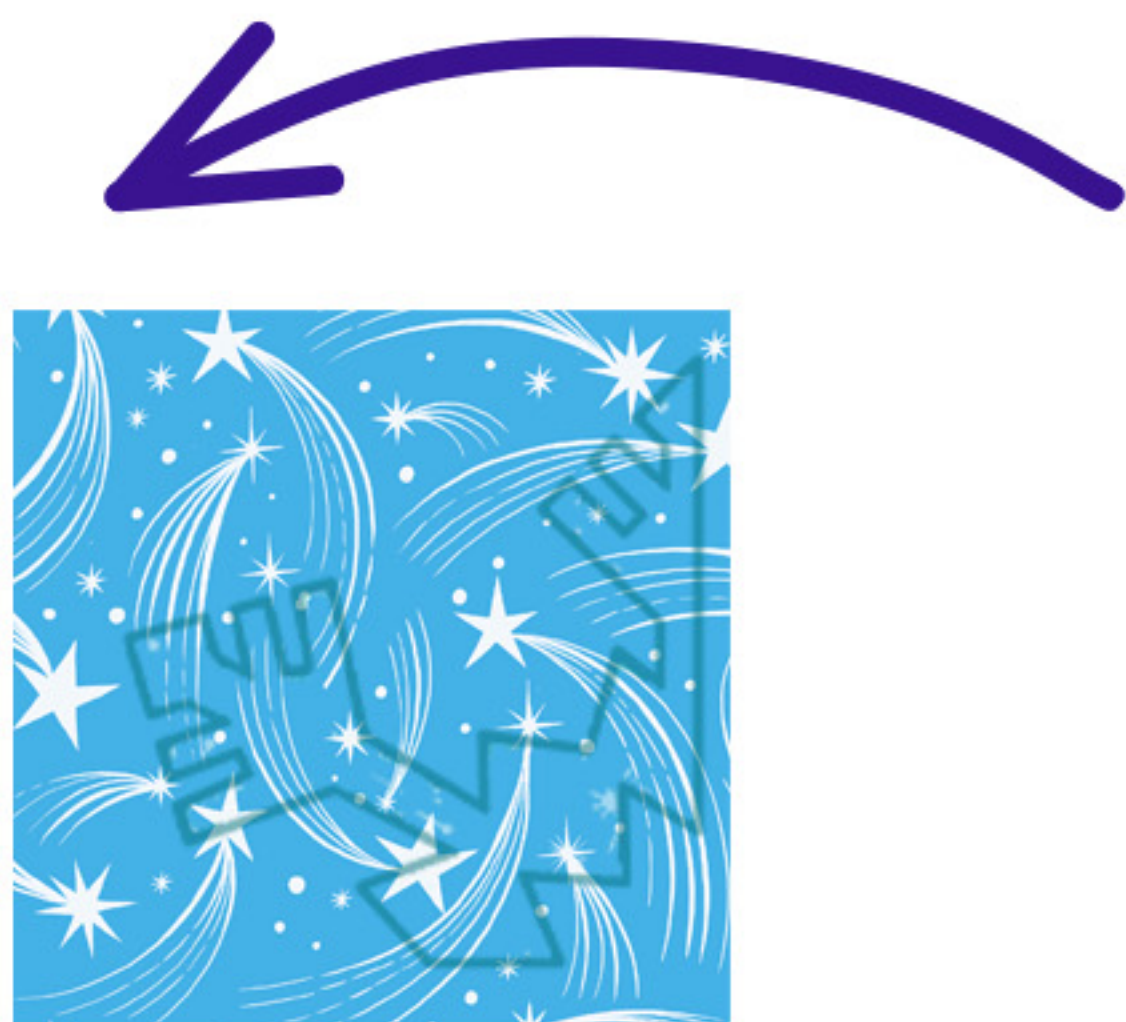

1. Lay out the sheet with the snowflake outline facing down.

The snowflake outline should be under this corner.

2. Fold the bottom edge up to the top edge and crease the fold.

3. Fold the right-hand side over to the left so that you can see the snowflake outline.

**Top Tip!**  
Don't forget to put a hole in the top of your snowflake to create your very own decoration.

4. Carefully cut along the snowflake outline, through all the layers.

5. Unfold the snowflake and run your fingernail along all the folds to flatten them.
